## NAME AND ADDRESS

### **Name(s)**

Type your full **legal** name (last, first, middle) in upper and lower case in the space provided. You may use your middle initial in place of your full middle name. If applicable, select the suffix (e.g., Jr., Sr., II, III). Use this name on all correspondence to the university.

**Other name(s):** If the names that appear on any of your academic records are different from your legal name, type them in the spaces provided, in upper and lower case.

Sometimes students have nicknames or names by which they prefer to be called. For the purpose of this application, however, be sure to **provide only** the **name(s)** by which you are **listed on official transcripts** and documents from testing agencies and other official records, so that all documents can be matched.

If your legal name and the names on all of your academic records are the same, leave this section blank.

### **Current Mailing Address**

Type your number and street or P.O. Box, city, and zip code (or the international postal code if applicable). Select the U.S. state/territory, Canadian province, Mexican state, and country from each respective dropdown menu.

If your address changes after you apply, send your new address to the university's office of admission.

### **Permanent Address**

If your permanent address is the same as your current mailing address, click on the link to copy your current address information into the permanent address boxes.

If your permanent address is not the same as your current mailing address, type your number and street or P.O. Box, city, and zip code (or the international postal code if applicable). Select the U.S. state/territory and country from their respective dropdown menus.

**PLEASE NOTE:** Some of the address questions on this screen are compared with a national U.S. database maintained by the United States Postal Service. In order to conform to USPS address standards, some of the address information you enter may be reformatted or modified slightly.

If an address cannot be recognized by the database, an error message will appear. You may correct any errors or, if you believe the information to be correct, override this application's checks and proceed with your entry.

If you choose to override this address validation, please make absolutely certain the address you entered is correct. Any errors could delay the processing of your application or the receipt of school materials.

### **Contact Information**

**Home telephone:** If your current mailing address is in the United States, type your area code and telephone number at your current address in the format: (###) ###-####.

If you do not have a current telephone number in the United States, leave this entry blank.

If you do not have a second telephone number where you can be reached, leave this entry blank.

**E-mail address:** If you have an electronic mail (e-mail) account, enter the full address in the space provided. If you have more than one account, enter the address at which you may be contacted the most readily. E-mail is a primary means of communication with applicants. CSU campuses will send important messages to you using the e-mail address that you list on this application. It is your responsibility to check this e-mail account regularly and read your messages from the CSU. Be sure to notify the campus(es) if this e-mail address changes.

## PERSONAL INFORMATION

### *Applicant Information*

**Social Security Number:** Enter your full nine-digit Social Security Number in the space provided (###-##-####). For verification purposes, retype your Social Security Number in the verification field.

If you do not know your Social Security Number or do not have one, leave this entry blank.

You are required to include your Social Security Number on admission application forms to all CSU campuses pursuant to Section 41201, Title 5, Code of California Regulations and Section 6109 of the Internal Revenue Code. CSU campuses may use the Social Security Number to identify your student records maintained in your association with the campus and, if needed, to help collect debts owed the university. Also, the Internal Revenue Service requires the university to file information returns that include the student's Social Security Number and other information, such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether you, or a person claiming you as a dependent, may take a credit or deduction to reduce federal income taxes.

If you do not have a Social Security Number at the time you file the application, you may leave the item blank and the campus will assign a temporary number. However, you should obtain a Social Security Number, unless you are prohibited by law from doing so, and submit it to the university by the time you begin enrollment. Failure to furnish your correct Social Security Number may result in the imposition of a penalty by the Internal Revenue Service.

**California Statewide Student ID (for California residents only, if known):** The CSIS Student Identifier (SSID) allows an individual student's data to be uniquely distinguishable from that of other students and to be consistently identified over their entire K-12 academic career. The CSIS Identifier (SSID) is a ten digit, random numeric value that is intended to be stored at the student's public school district so that it may be associated with that student. The CSIS Student Identifier is non-personally identifiable back to an individual student. The state will not have access to student names. [Click here for more information on the CSIS Student Identifier](#)

## CALIFORNIA STATE RESIDENCY INFORMATION

Your responses to these questions are required for the campus to make a preliminary assessment of your residency status for admission and tuition purposes. The campus may request additional information prior to making a final residency determination. (Education Code Section 68041)

### Residency Classification Information

Under California law, each campus must determine the residency status of all new and returning students. Nonresidents are required to pay nonresident tuition and meet other conditions. Generally, to be eligible for a resident classification, an adult (independent) student must have established and maintained permanent residence in California at least one year prior to the residence determination date. Minors (dependent students) derive residency status from their parents. The residence determination dates for each academic term are:

RESIDENCE DETERMINATION DATES		
	Quarter Calendars	Semester Calendars
Fall	September 20	September 20
Winter	January 5	January 5*
Spring	April 1	January 25
Summer	July 1	June 1

\*Applies only to winter term at CSU Stanislaus

Proof of residence requires evidence of both physical presence and intent to remain indefinitely in California at least one year before the residence determination date. In addition, other rules and exceptions apply. Failure to complete all residence questions may result in a nonresident classification or denial of admission.

If you are considered a minor or dependent student based on your date of birth, term of enrollment and foster youth/orphan/ward of the court status, you will be presented with the following questions. You should respond to these questions as they pertain to the parent/guardian with whom you most recently resided.

If you are considered a majority/adult or independent student based on your date of birth, term of enrollment and foster youth/orphan/ward of the court status, you will be presented with the following questions. You should respond to these questions as they pertain to you.

**What U.S. state/territory do you regard as your permanent home:** Select the appropriate answer.

**Do you claim California residency:** Select the appropriate answer.

**Have you lived in California continuously since birth:** Select the appropriate answer.

## DEMOGRAPHIC INFORMATION

To conform to new guidelines from the Federal government, the California State University must collect from students detailed information about their ethnic and racial backgrounds. This information will not affect any student's application for admission.

These new guidelines from the Federal Office of Management and Budget (OMB) define ethnicity and race as separate concepts. The guidelines advise that, wherever possible, separate questions should be asked on each concept. According to OMB, the new guidelines accommodate "the increasing diversity of our Nation's population, stemming from growth in interracial marriages and immigration." The CSU application reflects the intent of the new guidelines. Applicants are first asked to self-identify their ethnic origin and then they are asked to choose the race or races with which they most closely identify.

### Ethnicity

In accordance with the OMB guidelines, ethnicity is defined as being "Hispanic or Latino" and "Not Hispanic or Latino." In general, OMB defines ethnicity or origin as the heritage, nationality group, lineage, or country of birth of the person or the person's parents or ancestors before their arrival in the United States. The CSU application lists 23 separate Hispanic or Latino identities that are associated with the peoples of Mexico, Central America, South America, the Caribbean, and Spain. People who identify their origin as Spanish, Hispanic, or Latino may be of any race.

### Race

The racial identifications listed in the CSU application span the minimum 5 racial categories called for by the OMB guidelines:

- White
- Black or African-American
- American Indian or Alaska Native
- Asian
- Native Hawaiian or other Pacific Islander

The new racial categories are similar to the categories found in older versions of the CSU application. The important difference now is that applicants can select two or more categories to self-identify their racial origins. A second difference is that applicants can now respond to more explicit options.

Below are the U.S. Census definitions for the minimum 5 race categories required by OMB:

1. "White" refers to people having origins in any of the original peoples of Europe, the Middle East, or North Africa. It includes people who indicate their race or races as "White" or self-identify with terms like Irish, German, Italian, Lebanese, Near Easterner, Arab, or Polish.
2. "Black or African American" refers to people having origins in any of the Black racial groups of Africa. It includes people who indicate their race or races as "Black," "African American," "Nigerian," or "Haitian."
3. "American Indian and Alaska Native" refers to people having origins with the original peoples of North and South America (including Central America), and who maintain tribal affiliation or community attachment. The 30 tribal entities listed in the CSU application focus on tribal affiliations found in California. For example, the list includes "Chumash," "Paiute," or "Shoshone." The list also contains three generic categories for tribal entities whose origins are outside California.
4. "Asian" refers to people having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent. It includes people who indicate their race or races as "Asian Indian," "Chinese," "Filipino," "Korean," "Japanese," "Vietnamese," "Burmese," "Hmong," "Pakistani," or "Thai."
5. "Native Hawaiian and other Pacific Islander" refers to people having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. It includes people who indicate their race or races such as "Native Hawaiian," "Guamanian or Chamorro," "Samoan," or "Tahitian." In all, the categories listed in the CSU application span 24 identities associated with Polynesia, Micronesia, and Melanesia.

**Question 1a: With regard to your ethnicity, do you consider yourself Hispanic or Latino?** Select the appropriate answer. If you answer “Yes”, you must answer Question 1b. If you answer “No” or “Decline to State”, please proceed directly to Questions 2 and 3.

**Question 1b: If you indicated above that you consider yourself Hispanic or Latino, please select the ONE category that best describes your background.** Select the appropriate answer. If you select “Other Hispanic or Latino”, please provide more detailed information in the text box provided.

**Question 2: Regardless of your answer to question 1a above, please select below one or more of the following groups in which you consider yourself to be a member.** There are five sub-questions and an option to decline to state. Select the option or options that best describe you. You can select up to five total responses. If you select one of the “Other...” categories, please provide more detailed information in the appropriate text box.

**Question 3: California State University often needs to report ONLY ONE summary race/ethnicity description for a person. Please select your reporting preference.** Select the appropriate answer.

## **HIGH SCHOOL INFORMATION and PREPARATION SCREENS**

If you are a transfer student with fewer than 60 transferable semester (90 quarter) units of college coursework, you should complete the high school information screens. Please refer to the freshman instructions for information on completing those screens.

## **COLLEGE INFORMATION**

Have your college transcript(s) handy to refer to as you complete this section. You will need to know your exact classes and grades.

### ***Transcripts (Transfer)***

When requested by CSU, submit official transcripts from all colleges or universities attended, even if no coursework was completed. Transcripts must be received in sealed envelopes directly from each institution attended.

You should keep personal copies of all transcripts and test scores for academic advising sessions and to complete this application.

If transferring with fewer than 60 transferable semester (90 quarter) units of study, you must also submit your high school transcript.

Applicants with 60 or more transferable semester units may be asked to submit high school transcripts.

You must have the College Board submit your official Advanced Placement score report to the CSU campus admission office in order for you to receive the appropriate college credit.

### ***Advanced Placement (AP) College Credit***

In order to be eligible for college credit based on the Advanced Placement Exam, you must have earned a score of 3, 4, or 5 on the test. You are eligible for at least 3 semester college course units/credits applicable towards your CSU degree for each test on which you earned a qualifying score. You may include AP college credits in the total credits you report as earned at the college or university you attended after you graduated from high school.

You must submit an official score report to the CSU campus from the College Board so that you can receive the college credit.

In addition, you must complete and submit an EOP application.
